

BULLDOG ABRASIVE PREP & CLEAN

You can reduce up to 3 steps in bumper preparation by using Bulldog Prep & Clean. It's an advanced emulsion combining water and solvent technologies, and is excellent for use with the Bulldog adhesion promoter range of products.

Prep & Clean removes wax, grease, and other contaminations from the surface, and is the only paste that effectively removes the mould release agents that can cause paint problems and possible delamination. It is also excellent for preparing blend areas and general substrate preparation prior to painting.

NEW to Paintsmart

Bulldog is a range of products from the USA that includes paint strippers and paint preparation products. Paint Smart Group has the stand out items from the range available to you.

BULLDOG ADHESION PROMOTER

The adhesion promoter is the 'go to' product in the Bulldog range. It's designed to promote paint adhesion to automotive surfaces including all flexible or rigid plastics, fibreglass, glass, chrome, vinyl, and painted surfaces. Bulldog also acts as a mid-coat adhesion promoter, a flex agent and can be tinted with basecoat for additional coverage.

*Please note - not suitable for waterborne paints, ask your PSG sales rep for further information.

**Special
intro price**

Finixa POL55 Polisher

All new from Finixa, the POL55 polisher is ergonomically designed to reduce fatigue. This quality polisher has a free speed of 700-2500 rpm and only weighs 2.2kg.

Only
\$325.00

Purchase a Finixa POL55 polisher and receive 1 x pkt of 2 Finixa polishing pads **FREE**

FREE!

Finixa Waterbase Degreaser

This waterbased degreaser removes contamination prior to painting. It can be used to remove dirt, dust, and clean all kinds of surfaces. Perfect for plastics as it is also anti-static and being water based has no effect on plastic or rubber unlike solvent based degreasers.

Purchase a 5ltr or 25ltr and receive a TAK30 tack cloth pack **FREE**

FREE!

Finixa Dust Control

Dust control holds paint and dust particles down on the floor of your spraybooth by ionising the particles so that they are drawn together into clusters, making it too heavy to circulate around your booth in the air. One easy application lasts 5-10 days and reduces wasted cutting and polishing time with less contamination in your paint.

Purchase 2 x 5 litre and receive an application sprayer **FREE**

Finixa H2O Gun Shampoo

Finixa Gun Shampoo is designed to clean your spray gun after using water based paints, it can be used in all automatic or manual waterbased gun cleaning machines. It's a very economical way of keeping you gun clean and ready for the next job.

20 litre only
\$85.00
