## Experience the Finixa Aerosol Range

Aerosol spray cans are a fast, easy, time-saving and cost-effective way to apply paint-like products.

Finixa offers a wide range of technical sprays to help the professional body shop in nearly every step of the car body repair process; from the panel beating shop where the focus is mainly on corrosion protection, to primers and fillers for the preparation area and clear coats and lacquers for the paint shop.

Finixa Technical Sprays give you a professional application and finish.

Discuss with us about the range of Finixa products that are available and exclusive to the Paint Smart Group - you won't be disappointed.

## 2K Aerosols A SMART repair solution Polyester Spray Putty

Isocyanate-free, fast-drying, sandable after 1-hour curing at 20°C and normal humidity. High build capacity up to 100µm in 3 layers (leave to flash off 5 minutes between layers). Excellent adhesion on bare metal, galvanized substrates and sanded old paint.

### Clearcoat

A quality Isocyanate-free 2K clear. Apply 2 layers with an interval of 10 minutes to get the perfect spray gun finish, which is scratch-free, petrol and UV resistant and suffers no weather influences.

## 1K Clearcoat

Fast-drying, high quality professional 1K clear coat with easy application and constant atomization pressure. Great flow and gloss level with non-fading and UV resistance.

All this in a handy 400ml aerosol.

FINTSP180

### Control Spray

The temporary gloss layer of the Finixa control spray replaces the clear coat when checking colour, then evaporates without leaving any trace on the surface. Spray a thin layer on a sample plate (that is sprayed with a basecoat) to create a temporary shine. Compare the sample plate with the desired colour for inspection.
