FINIXA TOTAL BOOTH SOLUTION

Contamination of your spray booth environment has a negative effect on your profit...Finixa's advanced total booth package is the solution! We can hugely reduce the amount of de-nibbing and polishing in your shop by producing a decontamination solution for your spray booth environment.

Dust Control

The most original and efficient formula for suppressing dust circulation inside a spray booth, workshop and warehouse. Dust Control ionizes the dust so it is being drawn together in clusters which makes it too heavy to circulate in the air. Use a pressure sprayer to mist economically. For best results, apply on a weekly basis.

\$59.95

FINDUC05 - 5L

Peelable Booth Coating

A white peelable coating for the protection of spray booth walls against over spray! Easy roll or spray application.

\$350.00

FINCPP17 - 17L

Liquid Masking Wall Protection Washable

Transparent washable coating that dries completely and does not stay tacky. Simply remove with water. Biodegradable.

\$79.95

FINCLM05 - 5L

Cabine Protect Washable Basic

Transparent, tacky and washable coating for the protection of spray booth walls against overspray. Product stays tacky in order to hold on to swirling dust.

\$49.95

FINCPB05P - 5L

Tuffloor 51 WB Epoxy

An environmentally friendly water-based epoxy with a minimal degree of yellowing. Easy application. Contains $\leq 50\text{g/L}$ VOC and no benzyl alcohol. Durable Satin non-skid finish, that will hide many surface imperfections, particularly on correctly prepared older workshop floors.

Tuffloor 41 SL Epoxy (Self levelling)

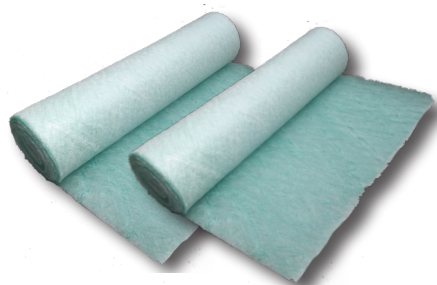

A versatile 2K, high solids solventless Epoxy used to create Durable and chemical (Automotive chemicals, Skydrol) resistant finish that provides a Hi-Gloss showroom like appearance, for that premium look. TUFFLOOR 41 SL EPOXY provides a highly durable, super smooth or non-skid finish for commercial environments when used with RUFF-IT PLUS.

Both available in RAL 7035 Light Grey, 7001 Mid Grey, and safety colours for walkways, designated safety zones, work bays etc.

Booth Exhaust Filter

NEW

POWERPEEL

PWP 05T - 05W

EASY PEELEABLE COATING FOR THE PROTECTION OF SPRAY BOOTH WALLS AGAINST OVERSPRAY

- Easy peelable coating for the protection of spray booth walls against overspray
- Available in white or transparent
- Water-based product
- Easy to remove with water when it's liquid
- When dried, powerpeel can't be removed with water. This makes it possible to apply a coating from our CBP (active for 10-12 weeks). When the CBP has dried up, peel both layers off at once
- Effortlessly protect your spray cabin walls with our peelable coating

Naked Gun Paint Remover

Naked Gun® Spray Gun Paint Remover provides a powerful aerosol spray stream that removes both solvent and waterborne paints from hard to reach areas. There is no need for special equipment or time-consuming dipping, thereby reducing cost.

Removes paint from spray gun bodies, tips, and cups, as well as many other shop surfaces.
