Application training provided by your PSG Rep/Distributor

Gapol Polyester Black Putty 2kg

GAP 00 has universal adhesion on old painted surfaces, steel, light metals, galvanized steel, aluminium, wood and MDF so great for many different industry uses.

For wood workers requiring a dark coloured filler, look no further this is the product for you.

\$51.50

FINGAP00

Light Polyester Putty 3kg

GAP 33 has good adhesion to a variety of substrates such as steel, E-coat, galvanized steel, glass fibre reinforced plastics (GFK) and wood.

Combines excellent sanding properties, with an absolutely compact surface with little to no sagging on application.

\$64.50

FINGAP33

Plastfill Polyester Putty for plastic 1kg

GAP 70 is a very flexible light putty specially designed for plastic surfaces that give you a smooth finish with fast and easy sanding.

During sanding the putty fades from dark grey to light grey, replicating the colour of most bumper colours.

\$45.00

FINGAP70

Light Polyester Putty 3.8kg

GAP 93 is an easy to sand beige light polyester putty that has a lower viscosity compared to GAP 33.

Very smooth pinhole-free finish due to self-levelling ability.

\$69.95

FINGAP93

Plastic Repair Kit - everything you need in one kit

Finixa offers a wide range of adhesives and sealants especially developed for the professional body shop; versatility, problem-solving, time-saving, ease of use and environmental friendliness are the parameters in the development of our products.

Check out Finixa's plastic repair technology. The ultra-fast and cost-effective curing times combined with ease of use and extreme adhesion make this the absolute first choice of every professional.

Your Body Shop is reliant on labour sales, using Finixa Plastic Repair enables you to repair more plastic parts, hence more labour, more profit.

- 3 x Plastic repair 'fast' (25 sec) black - 50ml
- 3 x Plastic repair 'medium' (1.5 min) black - 50ml

Product Recap

Naked Gun Paint Remover

Naked Gun® Spray Gun Paint Remover provides a powerful aerosol spray stream that removes both solvent and waterborne paints from hard to reach areas. There is no need for special equipment or time-consuming dipping, thereby reducing cost.

Pressure Regulator

Pressure regulator for spray guns.

Wider2 Pressure Spray Gun

- Newly developed pattern adjustment set now provides around 35% full pattern in 1 turn, around 50% in 1.5 turns and around 70% in 2 turns
- Revised air valve seat sets allow for a more consistent installation
- A high quality chrome plated body for easy cleaning and reduced maintenance
- All stainless steel fluid passages for use with either solvent or waterborne products
- Available as gun head only or with your choice of a range of paint pots
- Suitable for use in automotive repair, motorcycle refinish, custom painting and cabinet making industries
- Gun set ups with hardened needle available in 0.8, 1.0, and 1.2mm
- Gun set ups both hardened nozzle and needle available in 1.2mm
- Tungsten nozzle and needle set ups available in 1.5, 2.0, and 2.5mm - must use dedicated ZP2 Tungsten Aircap
