

SPRAYBOOTH MAINTENANCE & PROTECTION

Finixa offers a complete line of washable and strippable coatings that provide an economic alternative to labour intensive spray booth scraping and cleaning. There is no bigger investment in an autobody shop than the paint booth, and the booth is where the final, most visible step in the repair process takes place. A properly maintained paint booth can mean the difference between success and failure for a repair shop.

POWERPEEL

PWP 05T - 05W

**EASY PEELABLE COATING
FOR THE PROTECTION OF SPRAY
BOOTH WALLS AGAINST OVERSPRAY**

FINPLA45

Dust Control

DUC 05 is the most original and efficient formula for suppressing dust circulation inside a spray booth, workshop and warehouse.

Dust Control ionizes the dust so it is being drawn together in clusters which makes it too heavy to circulate in the air. Use a pressure sprayer to mist economically. For best results, apply on a weekly basis.

\$170

FINPLA45S

\$56.00

FINDUC05

Cabine Protect Washable Basic - 5L

Transparent, tacky and washable coating for the protection of spray booth walls against overspray. Product stays tacky in order to hold on to swirling dust.

Plastic Repair Kit - everything you need in one kit

Finixa offers a wide range of adhesives and sealants specially developed for the professional body shop; versatility, problem-solving, time-saving, ease of use and environmental friendliness are the parameters in the development of our products.

Check out Finixa's plastic repair technology. The ultra-fast and cost-effective curing times combined with ease of use and extreme adhesion make this the absolute first choice of every professional.

Your Body Shop is reliant on labour sales, using Finixa Plastic Repair enables you to repair more plastic parts, hence more labour - more profit.

- 3 x Plastic repair 'fast' (25 sec) black - 50ml
- 3 x Plastic repair 'medium' (1.5 min) black - 50ml
- 1 x Mixer tips - 10pcs
